SECTION FOUR: Identifying and Understanding the Issues

4(a) If this application is a request for a **Zoning District Change / Zoning Map Amendment**, applicants must respond to each of the following statements while presenting their request to the Zoning Board of Appeals, and with an additional written explanation as a separate attachment hereto:

1. Discuss and explain how the zoning district change/map amendment can be expected to provide adequate light, pure air, and safety from fire and other dangers for citizens of the County generally, and of surrounding property specifically.
2. Discuss and explain how the zoning district change/map amendment can be expected to conserve the value of land and buildings for citizens of the County generally, and of surrounding property specifically.
3. Discuss and explain how the zoning district change/map amendment can be expected to lessen or avoid the congestion of traffic on the public roads for citizens of the County generally, and of surrounding property specifically.
4. Discuss and explain how the zoning district change/map amendment can be expected to promote the public health, safety, comfort, convenience, morals, and general welfare for citizens of the County generally, and of surrounding property specifically.
5. Discuss and explain how the zoning district change/map amendment can be expected to protect the character and stability of the land use areas and zoning districts within the County generally, and of surrounding property specifically.
6. Discuss and explain how the zoning district change/map amendment can be expected to promote the orderly and beneficial development of the land use areas and zoning districts within the County generally, and of surrounding property specifically.
7. Discuss and explain how the zoning district change/map amendment can be expected to lessen or avoid the hazards to persons and damage to property resulting from the accumulation or runoff of storm or floodwaters within the County generally, and of surrounding property specifically.
8. Discuss and explain how the zoning district change/map amendment can be expected to be consistent with the goals and objectives of the Knox County Comprehensive Plan.
9. Discuss and explain how the zoning district change/map amendment can be expected to further and promote the public interest, not the interests of the applicant.

4(b) If this application is a request for a **Conditional Use Permit**, applicants must respond to each of the following statements while presenting your request to the Zoning Board of Appeals, and with an additional written explanation as a separate attachment hereto:

1. Discuss and explain how the establishment, maintenance, and operation of the special land use can be expected to affect the public health, safety, morals, comfort, and general welfare for citizens of the County generally, and of surrounding property specifically.
2. Discuss and explain how the special land use can be expected to affect the use and enjoyment of other property in the immediate vicinity for purposes already permitted and the property values in the neighborhood.
3. Discuss and explain how the establishment of the special land use can be expected to affect the normal and orderly development, and the improvement, of the surrounding property for land uses permitted in those zoning districts.
4. Discuss and explain how utilities, access roads, drainage, and other necessary facilities, have been, are being or will be provided.
5. Discuss and explain how measures have been, or will be taken to provide ingress and egress so designed to minimize traffic congestion in the public streets.
6. Discuss and explain how the special land use will, in all other respects, conform to the applicable regulations of the zoning district in which it is located.

4(c) If this application is a request for a **Setback Variation**, applicants must respond to each of the following statements while presenting your request to the Zoning Board of Appeals, and with an additional written explanation as a separate attachment hereto:

1. Discuss and explain how based on the particular physical surroundings, shape or topographical conditions of the specific property involved, how a particular hardship to the owner would result, as distinguished from a mere inconvenience if the strict letter of the regulations were to be carried out.
2. Discuss and explain how the conditions upon which the application for a variation is based are unique to the specific property for which the variation is sought, and are not applicable, generally, to other properties within the same zoning classification.
3. Discuss and explain how the variation will affect the value or income potential of the property.
4. Discuss and explain how the granting of the variation will affect the public welfare or other property or improvements in the neighborhood in which the property is located.
5. Discuss and explain how the proposed variation will affect the adequate supply of light and air to adjacent property, the congestion of the public streets, the danger of fire, the public safety, and the property values within the neighborhood.
6. Discuss and explain how the proposed variation complies with the spirit and intent of the restrictions imposed by the Zoning Resolution.
7. If this application is a request for a Setback Variation, applicants must answer each of these additional questions:
 - a. Do conditions exist which prevent the development or use of the subject property?

If Yes - explain further in a separate written statement, **If No-** Continue
 - b. Are the conditions that prevent the development or use of the subject property the result of actions by past or present property owners?

If Yes- explain further in a separate written statement, **If No-** Continue

SECTION FIVE: Supporting Information, Signature, and Declaratory Statement

5(a) Required Supporting Information to be Prepared and Provided by Applicant: Prepare and include a Site Plan drawn to scale illustrating subject property boundaries; boundary and setback dimensions; size, dimensions, and locations of each, every, and all existing buildings and structures; size, dimensions and locations of proposed buildings, structures and alterations; easements and encroachments of any kind, and; any natural or man-made features of the subject property.

Also prepare and include a detailed written statement relating to the above-listed requirements, fully explaining your proposal, the relevant issues, and any measures intended to mitigate the effects of your proposal on neighboring properties, within the context of the standards found in Section Four, above.

Incomplete applications will not be processed and will be returned to the applicant after sixty (60) days. Information submitted after a receipt deadline will delay the consideration and progress of this application.

5(b) Required Attendance at Public Hearing: The Knox County Zoning Board of Appeals (ZBA) has established a policy requiring the applicant or a representative of the applicant to be present at any public hearing at which the ZBA will consider the application.
